1. Pre-course stage (initial contact; application and interview/selection processes)

Very impressive - prompt replies to my emails, and everything was very clear. I was especially grateful when Tillat returned my phone call with a detailed, thoughtful message on my cell phone as well as my land line.

2. Facilities available

Very impressive. The assessor that visited in the 4th week took special note of our facilities and told us how lucky we were!

3. Course Staff

The two course tutors were among the best teachers I've ever had; it was a wonderful experience working with them!

4. Course Delivery

Interesting and thorough delivery of material.

5. Any other comments:

Without hesitation I would recommend the CELTA and/or the tutors to anyone interested in entering the field of ESL.

1. **Pre-course stage** (initial contact; application and interview/selection processes)

- Application is very interesting and introduces students to CELTA
- The interview is very informative and also gives an introduction of what will be done in the four weeks

2. **Facilities available**

great facilities → equiped classrooms, photocopy machines, computer lab

3. **Course Staff**

Both Marie and Jillat were very professional. They also had great energy and enthusiasm which made the course easier and more fun. Finally, Marie and Jillat were always ready to help and they divided their attention evenly among the students.

4. **Course Delivery**

Even though the course was very intense, it was well paced. Also, the way the course was delivered, was very useful as it showed the students how to teach.
